Finding Grant Opportunities FAQ's

- **1. Where can I find grant opportunities?**
  Current ICJI Funding Announcement opportunities can be found at the ICJI website at **http://www.in.gov/cji/** under "Funding Announcements." (Center page)

  top

- **2. How do I search for a funding announcement in Egrants?**
  You can search for a Funding Announcement by selecting the Funding Announcement tab on the Welcome screen.

  Remember: You or your agency will not be able to create a response to a Funding Announcement unless these three security roles are established: Program Creator, Financial Creator and Submission.

  It is important not to create multiple responses to the same Funding Announcement. If you begin a response to a Funding Announcement, Egrants will automatically assign a Grant ID number to your response. It is important to write that number down.

  If you need to close out of Egrants and come back in at a later date, you will select the Project Management tab rather than the Funding Announcement tab and you will need to enter the previously provided Grant ID number to pull up your work that is saved to date. **If you attempt to go back in via the Funding Announcement tab, you will create a multiple response.**
